ASX ANNOUNCEMENT

APA Group (ASX: APA)

APA GROUP SUCCESSFULLY COMPLETES \$1 BILLION SYNDICATED LOAN FACILITY

Leading Australian energy infrastructure business APA Group (ASX: APA) has successfully raised AUD \$1 billion of senior unsecured debt via a syndicated loan facility.

Strong support from more than 20 new and existing financiers enabled APA to increase the size of the offering from AUD \$500 million to AUD \$1 billion. The loan syndicate includes leading Australian and Asian banks.

The new facility comprises two equal tranches of 5 and 7 year tenor. Both tranches are swapped into fixed rates with the overall cost broadly in line with APA's existing average cost of debt.

Issuance	5 year	7 year
Issuance amount	AUD \$500 million	AUD \$500 million
Fixed AUD interest rate	4.9%	5.2%

The proceeds of the offering will refinance the variable debt used to fund the acquisition of Basslink debt, contribute to funding APA's growth projects and for general corporate purposes.

"The Asian syndicated loan market is a new market for APA," said APA's Chief Financial Officer Adam Watson. "The benefits of accessing this market include diversification of our funding base and rates that are currently more attractive than those available in the corporate bond market.

"We are delighted with the strong support from our financiers. It illustrates the confidence they have in our business and enables us to continue to strengthen our balance sheet."
